

WELCOME

WELCOME TO GALLACHER'S SMOKEHOUSE BAR & GRILL.

Our food is cooked here on the premises. Our BBQ dry rubs and BBQ sauces are our own recipes, created here for you to enjoy. The Slaw, beans, chilli dishes, Mac N Cheese, Onion Rings, Fries etc are also made from scratch every day from raw, fresh ingredients.

All of our meat is fresh and raw on arrival here then cooked or smoked (in our Smokers all the way from Oklahoma) to perfection. Our Burgers are made from scratch every day. We grind the meat ourselves and do it small batches so the burgers do not dry out or oxidise too much.

The beef cuts in our burgers are Chuck, Sirloin and Brisket. NO filler, NO rusk. 100% pure British Beef and nothing else.

We do not source any meat from outside the UK. Our farmers are the best in the world, so why buy in from as far afield as Brazil and Australia as some restaurants do. Food miles count, and we feel that supporting local farmers, growers and suppliers is the right thing to do. All of our menu items are subject to availability and some seasonal restrictions. We will always strive to inform you before you order of any non-availability, and we will make great alternatives available whenever we can.

We want you to enjoy fresh food of the highest quality and we will not compromise for any reason.

KIDS ARE CUSTOMERS TOO!

We don't have a "Children's Menu". Tell your server what your little ones would enjoy from our menu and we will make a smaller portion for them at half the normal size price. Just ask and we'll do our best to accommodate you. This is available for under 11's when ordered with an adult meal.
