

GLUTEN INTOLERANCE CHOICES

The dishes on this menu are prepared with no gluten containing ingredients. To reduce the risk of cross contamination from allergens during preparation there are controlled procedures in the kitchen. Every care is taken to avoid any cross contamination when processing specific allergen free orders. We do however work in a kitchen that processes allergenic ingredients and do not have a specific allergen free zone or dedicated fryers. If you suffer from a food allergy or intolerance, please let your server know upon placing your order. Allergen data is held on each of our dish ingredients, so please ask your server in the restaurant should you require any more details.
